

## Community Support

Neuro Partners work with Individuals, Statutory Services, Solicitors and Case Managers throughout the North of England, providing specialist support from a range of professionals. Our wealth of experience enables us to develop personalised support packages to meet the needs of the individuals we serve, and the requirements of the Commissioner. We are registered with the Care Quality Commission (CQC) enabling us to provide regulated domiciliary care.

## Education

We work in conjunction with Disability Services, Student Finance England, Local Authorities and directly with the student, providing specialist support from a range of professionals. Types of support may include mentoring, study skills coaching, note-taking and many more. Ask for our specialist Education Services brochure.

## Employment

Neuro Partners work in conjunction with employers and individuals to develop bespoke packages of support to meet the needs of those we serve. Specialist Support Workers, Job Coaches and Occupational Psychologists work in partnership with the individual to either prepare for a return to work, or provide onsite support for the individual within the workplace.

## Personalisation

We assist individuals with personal budgets by providing independent advice, guidance and support with staff recruitment, training, budget planning, administration, payroll, etc. The individual remains in control and Neuro Partners can help with the whole process or just a single element, as required.

## Testimonials

Here's what some of our Service Users have to say about our Support Workers;

*"She is friendly, easy to talk to and supportive, but at the same time, she is professional and dedicated to her job"*

*"He is always cheerful and polite but most of all he treats my son with respect and dignity"*

*"I would not have achieved half of what I have without her"*

*"She shows an excellent understanding of Autism and my son's needs. She treats him as an adult, advising him but allowing him to take responsibility"*

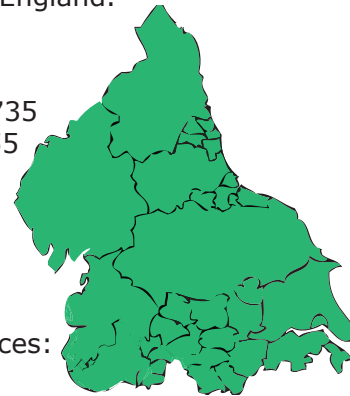

Contact us for more details of our services or an informal discussion. We have regional offices throughout the North of England.

## INDIVIDUAL SUPPORT PACKAGES

*"Tell me and I'll forget,  
Show me and I may remember,  
Involve me and I'll understand....."*

## About Us

Neuro Partners are specialists in delivering tailored support packages to individuals, in particular those with neurological conditions. We use a Person Centred Approach and all of our packages, which may include rehabilitation and domiciliary care, are designed to meet the requirements of the individual Service User whether at home, in the community, educational setting or workplace.

Our Person Centred Approach is more than just Service User involvement, it's individual to and owned by the person being supported. By putting the Service User at the centre of the care and support they receive, we encourage development, assist with improving their quality of life wherever possible, aim to fulfil their ambitions and aspirations, and promote autonomy.

Neuro Partners was founded in 2006 by Jonathan Wade (a Specialist Psychiatric Nurse), Kelly Dunn (Psychologist) and Emily Dunn (a qualified and experienced Business Manager).
